Please provide a general description of the proposed work and the purposes and intent of the facility and the uses to which the facility will be put. The scope and detail of such description shall be appropriate to the nature and character of the work to be performed, with special emphasis on those matters likely to be affected or impacted by the work proposed.

Please attach the following to your application:

- A written traffic control plan demonstrating the protective measures and devices that will be employed consistent with the *Illinois Manual on Uniform Traffic Control Devices*, to prevent injury or damage to persons or property and to minimize disruptions to efficient pedestrian and vehicular traffic.
- An emergency contingency plan which shall specify the nature of potential emergencies, including, without limitation, construction and hazardous materials emergencies, and the intended response by the applicant. The intended response shall include notification to the village and shall promote protection of the safety and convenience of the public. Compliance with ICC regulations for emergency contingency plans constitutes compliance with this section unless the village finds that additional information or assurances are needed.
- Drawings, plans, and specifications showing the work proposed, including the certification of an engineer that such drawings, plans, and specifications comply with applicable codes, rules, and regulations.
- Evidence of insurance as required in Village Code Section 115.08.
- Evidence of posting of the security fund as required in Village Code Section 115.10.

Please list any request for a variance from 1 or more provisions in Chapter 115 of the Village of Forsyth Code of Ordinances:
